

MUSC Children's Hospital

The Medical University of South Carolina (MUSC) Children's Hospital is dedicated to enhancing the health of children throughout South Carolina and to providing an environment that supports excellence in pediatric patient care, teaching and research. MUSC Children's Hospital was planned, designed, equipped and staffed with children in mind. Here, families will find the most comprehensive pediatric care available in South Carolina. MUSC Children's Hospital offers a full range of care to children of all ages, from the tiniest of newborns to teenagers. Every professional is driven by a commitment to excellence and a desire to provide the most advanced care possible for children.
